# ECO-VECTOR PUBLISHING HOUSE

## Our journals

Eco-Vector Publishing House publishes over 150 academic peer-review journals in a wide range of scientific fields.

Our journal catalogue includes both high-impact academic titles with a rich history as well as newer journals in emerging areas of science. Our journals cover fields such as medicine and health, physical and mathematical sciences, philosophy, economics, law, life sciences, arts and culture, education, politics, and more. Our journals have gained international recognition, with a constantly growing number of readers and authors worldwide.

Eco-Vector Publishing House offers a full range of publishing services for print and electronic journals in languages (Russian, English, Chinese, Portuguese, etc.), ranging from developing the publishing concept to distribution of complete issues.

Eco-Vector Publishing House offers a wide range of services to move your publications from print to online, including DOI assignment, archiving, indexing in international databases, and workflow automation management.
